## PERSONAL TAX CHECKLIST (CRA Correspondence)

### Other Government Program Information

#### **COVID-19 Benefits and Repayment Information**

Please ensure you provide us with all income, support and benefits received under COVID-19 relief programs. Some of these benefits are taxable, while others are not. Official tax slips may have been issued for some, but not all. For support where no slip is available, details surrounding the amount and types of payment are required. Please provide details on all federal, provincial/territorial and other support received.

Key COVID-19 related federal personal support programs that are to be included as taxable income include:

Canada Recovery Sickness Benefit (CRSB), Canada Recovery Caregiving Benefit (CRCB), Canada Worker Lockdown Benefit (CWLB)

Key COVID-19 related federal government support for business, rental or other income that are to be included as taxable income include:

Canada Rent and Wage Subsidies, Canada Recovery Hiring Program (CRHP)

As no slips are provided for some of these programs, please provide the amounts received and the period to which they relate. Please also provide any details on any repayments of these benefits back to CRA.

Please also advise if you repaid COVID-19 support payments previously received. This includes both individual support benefits and benefits received in respect of a business. A deduction may be available in respect of the repayment.

Where a repayment was previously included in income (such as for CERB or CRB), the deduction can be claimed in the year the amount was originally included in income (2020, 2021 or 2022) or the year the repayment was made.

Students who incorrectly applied for Canada Emergency Response Benefit (CERB) when they should have applied for the Canada Emergency Student Benefit (CESB) can apply to offset CERB repayments with CESB that they would have been eligible for during the same benefit period. To qualify, the student must have filed their 2019 and 2020 personal tax return by the end of 2022.

#### **Underused Housing Tax ("UHT") Information**

The UHT imposes a national annual 1% tax on the value of non-resident (for immigration purposes), non-Canadian owned residential real estate considered to be vacant or underused. Legal ownership of real estate must be considered as of December 31, 2022, with filings and/or taxes first being due on April 30, 2023. If you believe this may be applicable to you, please contact us right away to help with this determination.

#### **Canada Dental Benefit Information**

The Canada dental benefit provides an up-front, tax-free payment to cover dental expenses for children under the age of 12 without dental coverage. The benefit is only available to families whose adjusted family net income is under \$90,000. Applications for this benefit can be made online on CRA's My Account.

#### **Canada Housing Benefit Top-up Payment Information**

A one-time \$500 tax-free payment would be provided to low-income renters (those who filed 2021 returns with adjusted net incomes below \$35,000 for families or \$20,000 for individuals). Applications for this benefit can be made online on CRA's My Account.

# PERSONAL TAX CHECKLIST (CRA Correspondence)

## Canada Revenue Agency Correspondence

### Requests for Information – Pre-Assessing and Post-Assessing Reviews

As an accounting firm that provides professional tax preparation services, we are required to file clients’ returns electronically. As a result, your source documentation for the items reported on your tax return is not submitted to CRA when your return is filed. CRA may request that certain items be sent to them later for verification of the information included. We have found, historically, that approximately 10% of returns prepared are selected for these reviews. We will automatically respond to any requests we receive from CRA on your behalf unless you elect to receive and respond to these requests yourself below. Our standard fee to prepare the response and to review the subsequent correspondence **starts at \$100 plus GST/HST** and is based on complexity and time spent to gather, assemble and submit the requested information.

*I prefer to receive any CRA requests for information to be sent to me directly and will request assistance if needed.*

### Manage Online Mail

CRA has a service called Manage Online Mail. This service will provide taxpayers with:

- ✓ Quick and convenient online access to Notices of Assessment/Reassessment; and
- ✓ Online access to future eligible correspondence as more becomes available electronically.

With your consent, we can register you for this service. To do so, we will require the email address that you wish to use to receive notifications from CRA.

*I wish to have Anklesaria CPA Professional Corporation provide my email address to CRA for “Manage Online Mail”.*

Client:	_____	Email:	_____
Spouse:	_____	Email:	_____
Dependant:	_____	Email:	_____
Dependant:	_____	Email:	_____

This is only an option for those individuals that have not previously registered for online mail. If you have already registered in the past, then you do not need to complete this again.

### Direct Deposit

We have been encouraged by CRA to have clients enroll for direct deposit. If you haven’t already enrolled, we can provide your banking information to CRA as part of the electronic filing process if this is your preference. As per CRA, “Direct deposit is a fast and convenient way for you to get your income tax refund and other credit and benefit payments directly into your bank account without having to wait for a cheque. Direct deposit costs less and is better for the environment too!”

Branch (5 digits):  Institution (3 digits):  Account (max. 12 digits):

This is only an option for those individuals that have not previously registered for direct deposit. If you have already registered in the past, then you do not need to complete this again.

### Additional Tools to Assist You

#### **Reporting Self-Employment, Rental Property Activity, Home Office Deductions or Employment Expenses**

If you report self-employment earnings or rental property activity, please see the Public Documents\Personal Tax Season folder in SmartVault for various Microsoft Excel templates for you to download and use at your convenience. The templates can be used to track the activity for the year and then summarize it in order to report it on your personal tax return for 2022. You will see the Public Documents folder when you first log in to SmartVault, before you access your own personal folder.

#### **Estimating Your Fees to Prepare Your Personal Tax Return(s)**

In the Public Documents\Personal Tax Season SmartVault folder, you can see a Microsoft Excel document called **Personal Tax Preparation Fee Estimator**. By filling in the details of your personal tax return(s), you can see an estimated fee range for us to complete your work. Note that this is an estimate only and actual fees are ultimately determined based on the complexity of the work, as well as the time and expertise required to complete your file. You should also note that this fee estimate is for the preparation of the return(s) only and does not include any subsequent correspondence with CRA on your behalf, or any tax planning advice that you may ask us to provide. Please take care to ensure you complete the appropriate tab (early filing discount, regular price, or corporate client) as the pricing differs depending on your status.

#### **Online Access to CRA**

You can register with CRA to view your personal tax account online. Through this service, you can approve our firm as your authorized representative, view Notices of Assessment, view certain tax slips issued to you, view your RRSP and TFSA contribution limit details, change your address, and phone number and set up direct deposit and/or pre-authorized debit, and much more. To register, go here and follow the instructions - [My Account for Individuals - Canada.ca](#).

#### **Paying Your Personal Tax Balance Online**
